This project has received funding from the European Union's Horizon Europe research and innovation programme under Grant Agreement for Project N° 101235482 and the Swiss Secretariat for Education, Research, and Innovation (SERI) under contract N°25.00325. Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Climate, Infrastructure and Environment Executive Agency (CINEA) as granting authority. Neither the European Union nor the granting authority can be held responsible for them.
